Component 2

Report one of the three G-codes listed below on more than 50% of applicable cases for the numerator. Each code use counts toward the e-prescribing incentive. One of the G codes must be reported on the same claim as the denominator code listed in Component 1.

Report	If You ...
G8443	Used a qualified e-prescribing system for all the prescriptions
G8445	Had a qualified e-prescribing system but didn't generate any prescriptions during this encounter
G8446	Had a qualified e-prescribing system, but prescribed narcotics or other controlled substance*
G8446	Had a qualified e-prescribing system and state or federal law required you to phone in or print the prescriptions
G8446	Had a qualified e-prescribing system, and the patient asked that you phone in or print the prescriptions
G8446	Had a qualified e-prescribing system, and the pharmacy system can't receive electronic transmission

*The Drug Enforcement Agency prohibits e-prescribing for controlled substances. G-code G8446 allows you to report on the e-prescribing measure for controlled substances without using an e-prescribing system to do so.
